A Letter from Mrs. Lewis

Dear Students,

It has been exciting to guide you in this traveling research writing project. “Where would you like to travel to or visit?” Such a simple question, that led us to far away countries and states. Not only did you learn to brainstorm ideas, but to organize them into well thought out research facts. I am so proud of our finished product and all the work and time you have invested into this book. It allows you to read and dream about places and remember the friendships that we have made throughout this process with our Clemson Writing Partners.

Happy Reading!

CUBA

By: Jaidan Bonilla

Did you know that Cuba is mostly Spanish? Did you know that there is a lollipop with a little scorpion inside? That's nasty! People eat spiders in Cuba too! Now, here are some good foods like beans, rice and bread.

In Cuba, there are many animals like scorpions, spiders, elephants, snakes and rats. They kill some animals for food. They eat everything we eat like cows, sheep, pigs and chicken. My grand-uncle wanted a pet snake. My grand-uncle wanted to pet the snake.

The weather in Cuba is very hot; barely any people wear long sleeves. They barely get cold. In Cuba, people speak Spanish. There are a few people that speak English. There are animals in Cuba, a lot of them. The butcher kills them. They use horses for transportation.

¿Sabías que Cuba es mayormente es española? ¿Sabías que hay una piruleta con un pequeño escorpión dentro? ¡Qué asqueroso! ¡La gente come arañas en Cuba también! Pero también hay alguna comida buena como frijoles, arroz y pan.

En Cuba hay muchos animales como escorpiones, arañas, elefantes, serpientes y ratas. Estos animales matan a otros animales para conseguir comida. Comen todo lo que nosotros comemos, como ovejas, cerdos y pollos. My tío abuelo quería una serpiente como mascota. Mi tío abuelo quería acariciar a la serpiente.

El clima en Cuba es muy cálido; casi nunca la gente lleva manga larga. Casi nunca tienen frío. En Cuba la gente habla español. Hay poca gente que hable inglés. Hay animales en Cuba, muchos animales. El carnicero los mata. Allí usan caballos como transporte.

What would it be like to go meet Tony Hawk in California? What would it be like to meet people in California? What would it be like to visit the capitol of California in Sacramento? They mostly speak English.

A grizzly bear is one of the animals that lives in California and is also the state animal. The Golden Poppy is a plant and is also the state flower of California. There is a tree in California. It is the Redwood tree and also represents the state of California. There is a state bird and it is called the Valley Quail and it also represents the state of California. I would like to see the state fish.

I would also like to go to the beaches and go swimming. I would like to build sand castles. The weather is very hot and sunny.

I would go meet Tony Hawk. He is a professional skateboarder. He does really cool tricks. I would go see the capitol building. I would like to visit the Sacramento Zoo and see all the animals. I really want to see the elephants, zebras and hammerhead sharks.

California is a great place to visit!

¿Cómo sería conocer a Tony Hawk en California? ¿Cómo sería conocer a gente en California? ¿Cómo sería visitar el capitolio de California en Sacramento? Allí hablan sobre todo inglés.

Un oso grizzly es uno de los animales que viven en California y es también el animal del estado. La Amapola Dorada es una planta y es la flor estatal de California. Hay un árbol en California. Es el Árbol Secoya y también representa el estado de California. Hay un pájaro estatal que es la Codorniz del Valle y también representa el estado de California. Me encantaría ver el pez estatal.

También me gustaría ir a las playas e ir a nadar. Me gustaría construir castillos de arena. El clima es muy cálido y soleado.

Conocería a Tony Hawk. Él es un profesional de la patineta. Él hace unos trucos impresionantes. Iría a ver el edificio del capitolio. Me gustaría visitar el zoo de Sacramento y todos los animales. Me encantaría ver los elefantes, zebras y tiburones martillo.

¡California es un fantástico lugar para visitar!

Things You Will See in Washington D.C.

By: TyQuan Burns

Have you ever wondered what it would be like to meet the president? The president lives in Washington D.C. I chose Washington because I would love to meet the president and play a game trying to find all 37 bathrooms.

I would go see the fountain right in front of the White House. That is why I chose Washington D.C. I would look everywhere to find the state flower, an American Beauty rose. I would pick one just so I could use it for a school picture at the White House.

I chose Washington D.C. so I could find a Wood Thrush. A Wood Thrush is the state bird of Washington D.C. I would keep one as a pet and train it because if I lived alone, I would have it so I would never be alone.

There are lots of places to visit in Washington D.C. I want to visit Ford's Theatre because president Abraham Lincoln was shot there. It also shows a video of him getting shot. Also because I can see videos about all the president's life and childhoods.

¿Alguna vez has preguntado cómo sería ser como para reunirse con el presidente? El presidente viva en Washington D.C. Yo decido Washington porque yo quiero conocer el presidente y jugar el juego encontrar todos treinta y siete baños.

Voy a la fuente en frente de la Casa Blanca. Es por eso que elegimos Washington D.C. Yo busco por la flor de Washington D.C., la American Beauty rosa. Yo recojo solo uno para que pueda usarlo para una foto de la Casa Blanca.

Yo busco al Wood Thrush. Un Wood Thrush es el pájaro de Washington D.C. Yo quiero como una mascota así que nunca estoy solo.

Hay muchos lugares para visitar en Washington D.C. Yo quiero visitar El Teatro de Ford porque Presidente Lincoln fue tirado allí. Hay un video de esta en el teatro. También porque yo puedo mirar videos de las vidas del todos los presidentes.

A Trip to Hawaii

Hawaii has four islands. Hawaii is a pretty place because it is very tropical and you can do the hula dance with the Hawaiian people. You can also go swimming with friends and family. You can surf when the waves get bigger so you can surf. I would like to try surfing.

Hawaii has lots of animals and they have animals that can run fast. They have lots of fish and they have seafood there. I would eat pineapple, mahi mahi and coconut balls. The seafood looks like it is good because it has a lot of sauce so it must be good. I hope I visit it some day because it looks like one fun place to go so I might go there one day. Hawaii has volcanoes. They have lava.

The plants are very pretty and they are different colors. They look like they have a flavor to them. They have roses, sunflowers and tulips.

Hawái tiene muchos animales y se tiene animales que puede correr muy rápido. Tiene mucho pescado y marisco. Volvería a comer piña, mahi mahi y bolas de coco. In Mexico you can play soccer. Soccer is the number one sport in Mexico. In Mexico they have a lot of Mexican food. I wonder what kind of animals are in Mexico. They eat shrimp, burritos, tacos, fish, tortillas, beans, chicken and cheese.

They speak Spanish. The Spanish words are hello-hola, good-buenos, day-dias, bye-adios, please-por favor, thanks-gracias, children-nino/nina.

In Mexico when it is January, the average temperature is 70 degrees. In Mexico when it is July, the average temperature is 74 degrees.

In Mexico they have horses, shrimp, fish and dogs. Some people eat crablegs. I think crablegs are disgusting but when I tried it, it was good! They cook shrimp there too. It is very very good! Have you ever tried shrimp? Have you ever seen shrimp? Have you ever tasted crablegs? Have you seen crablegs? They eat strawberry sundaes. I bet that is really good. Have you ever tried a strawberry sundae before? I have, it tastes like strawberry and vanilla. It is really good.

The reason why I want to go to Mexico is because I like the smell. Mexico is a really cool place. I want to go to Mexico for the food and things. I play soccer too, it is really fun!

Ayden Goes to Oregon

Did you know snakes and frogs are types of animals that live in Oregon? The weather in Oregon is seasonal. It's located in North America. Portland, a city in Oregon, is known as the city of roses.

Their state animal is the American Beaver. The American Beaver is an interesting animal because it can stay on land or swim in the water. Their state fish is the Chinook Salmon. Mrs. Lewis says it's very good grilled. Yum! I want to try.

The Douglas fir is their state tree and christmas trees are made from Douglas fir. Did you know that Philip Knight is from Oregon? He is the co-founder of the Nike brand.

Two states that border Oregon are Nevada and California, that's just a few. Hawaii doesn't because it is in the ocean and no other state is in the ocean. Their state motto is "she flies with her own wings."

¿Sabía que las serpientes y ranas son tipos de animales que viven en Oregon? El tiempo de Oregon es estacional. Oregon se encuentra en América del Norte. Portland, una ciudad en Oregon, se conoce como la ciudad de las rosas.

La animal del estado es el castor americano. El castor americano es un animal interesante porque puede quedar en la tierra o en el agua. El pescado del estado es el salmón de chinook. Señora Lewis dijo que el salmón de la parrilla es muy bueno. Mmm! Yo quiero probarlo.

El abeto de Douglas es el arbol del estado y los árboles de la navidad están hechos de abeto de Douglas. ¿Sabías que el Philip Knight es de Oregon? Él es el co-fundador de Nike.

Dos estados que bordean Oregon son Nevada y California, estos son unos pocos. Hawaii no se bordea Oregon porque está en el mar y es el único estado en el mar. El motto del estado de Oregon es "ella vuela con sus propios alas."

France

France is very old. It has been around many years. Farmers grow wheat, corn, sugar, beets and grapes. They raise cattle, pigs and chicken.

The French also make hundreds of cheeses. After middle school, students choose a lycée-secondary school. This school has difficult tests. Students play boyles boor, which is a popular game in France. In southern France, it is known for its food. It has meatballs, salads, baguettes, frog legs, cheese, tarts and rich sauces.

France is cool because it has mountains, the Eiffel Tower and cool food. It is also the home of my family. I can't wait to visit.

Francia es especial porque hay montañas, el Torre Eiffel y comida deliciosa. También, mi familia es de Francia. No puedo esperar a volver.

Hawaii

By: Javie Geer

Have you ever wanted to go to Hawaii? Well now you can travel with me. I chose this state because I lived there. My mom makes coconut muffins just like she did in Hawaii.

Did you know there is a fish that can bite through metal? What if I told you that this fish is a food in Hawaii? It is called a triggerfish. In Hawaiian language it is called humunukuapua. It can be the color of the rainbow. Hawaii has a bird named nene. It eats grass, leaves, fruits, flowers and seeds. It became the state bird in 1957. It has sharp nails to grip on volcano slopes. They also make nests on volcano slopes too.

Did you know humpback whales are found there? Humpback whales became the state mammal in 1979.

In Hawaii, I have one good friend. His name is Deago. We have some things in common like we both like coconut muffins. You may find weird animals such as a keke snake. My friend Deago has a pet keke snake. It stretches its body very long when he is scared. It will also spit venom 10 centimeters when its frightened, like a king cobra he has a hood that has S on it. Deago and I became friends

because we do similar things. I miss my friend. We had a lot of fun in Hawaii. Here are some more facts about me and my friend. We never get lost, we both have a red, blue and pink whistle. We whistle once for dancer, twice for lost. It is very loud. My mom and dad can hear our whistle.

I am now in South Carolina and it is fun, but I miss Hawaii and my friend Deago.

¿Has querido ir a Hawái alguna vez? Pues, ahora puedes viajar conmigo. Escogí este estado porque yo vivía allí. Mi madre hace molletes de coco como los hacía en Hawái.

¿Sabes que hay un pez que puede penetrar el metal con sus dientes? ¿Y si yo te digo que este pez es una comida en Hawái? En inglés se llama “triggerfish.” En el idioma de Hawái se llama humunukuapua. Sus colores pueden ser como el arco iris. Hawái tiene un pájaro que se llama el nene. Come hierba, hojas, frutas, flores y semillas. Llegó a ser el pájaro estatal en 1957. Tienen uñas muy agudas para agarrar las cuestas de los volcanes. Construyen sus nidos en las cuestas también.

¿Sabes que allí se encuentran las ballenas jorobadas? Llegaron a ser el mamífero estatal en 1979.

En Hawái, tengo un buen amigo. Su nombre es Deago. Tenemos algunas cosas en común; por ejemplo, a los dos nos gustan los molletes de coco. Se puede encontrar animales extraños como una culebra keke. Mi amigo Deago tiene una culebra keke como mascota. Se extiende el cuerpo cuando tiene miedo. También escupe su veneno a diez centímetros cuando tiene miedo; también tiene una capilla de cobra real con una “S” encima. Deago y yo nos hicimos amigos porque hacemos cosas semejantes. Añoro a mi amigo. Nos divertimos mucho en Hawái. Aquí tienes más datos sobre mi amigo y yo. Nunca nos perdemos; los dos tenemos pitos de colores rojo, azul y rosado. Tocamos los pitos una vez si hay peligro y dos veces si estamos perdidos. El ruido está muy fuerte. Mis padres pueden oír el pito.

Ahora estoy en Carolina del Sur y es divertido, pero extraño Hawái y a mi amigo Deago.

Zameera Goes to California

By: Zameera Jordan

If you had a choice to go anywhere, where would it be? If I had the choice, it would be California. I would go see the state flower. The state flower is a California Poppy.

A Spanish man discovered California while he was looking for gold. They have lots of animals like a grizzly bear and a gray whale.

They speak English too. Did you know that the famous football player, Tom Brady, lives in California?

The city I want to go to is LA and I would meet celebrities and go shopping. I can also go to famous restaurants. I want to go to LA because LA is expensive.

To get to California, I would take a car and stop on the way because it is a long drive- all the way across the country. You do not have to ask what kind of money they have because they have the same as us.

Si usted tuviera la opción de ir a alguna parte, ¿dónde sería? Si tuviera que elegir, sería California. Me gustaría ir a ver la flor del estado. La flor del estado de California es una amapola o campanilla dorada.

Un hombre español descubrió California, mientras que él estaba buscando oro. Hay muchos animales como un oso pardo y una ballena gris.

Allí se habla inglés también. ¿Sabías que el famoso jugador de fútbol americano, Tom Brady, vive en California?

La ciudad que yo quiero ir es LA (Los Ángeles) porque quiero conocer las celebridades e ir de compras. También puedo ir a restaurantes famosos. Quiero ir a Los Ángeles porque LA es caro.

Para llegar a California, me gustaría tener un coche e ir parando en el camino, ya que es un viaje muy largo a través del país. Usted no tiene que preguntar qué tipo de dinero usan, porque tienen el mismo tipo que nosotros.

Hey, my name is Christian. I want to go to the Arctic. Did you know you have to wear a jacket? Do you know it is so cold? I want to visit the Arctic, there are polar bears. They live on the north side. This is cool. Something glows in the air and it is the Northern Lights. The best thing is you can build igloos. I want to go because my friends and family live there. My cousin lives there

There are mice, foxes and whales. You only eat soup and frozen water. There are yellow stones, scrub, lichen and herbs. They have animals. Some are called arctic, some are normal. I'm going to tell you they are called narwhals, arctic foxes, arctic owls, polar bears, mice and birds. What's cool about polar bears is they can go underwater and they can live with fur. You can make coats out of the. The sun comes one time.

Penguins are nice, they are nice when they take turns taking care. There are normal fishies. You can fish and swim with them.

You need a boat to travel there and you eat. It is fun. You can throw snowballs. You can have a pet. You can play. You can go hunting.

How to belly slide: You have to find slippery ice, then slide on your belly. Do not jump, slide.

How to belly slide dive: You need ice and hole. You need a diving suit. No jumping, only sliding.

If I could go anywhere, I would go to Washington D.C. It is so cool because we can go visit President Obama. I am going to go there on vacation. I cannot stop telling my parents. So when I go, I am going to have fun there. I am going to the big library and the White House. Well I can't wait to go and see the roses there.

There are old buildings there. There are a lot of places. So that's why I'm going. They have a big National Zoo. In the zoo, there are zebras, lions and monkeys. I'm going to the zoo and will see a lot of animals.

I like Washington D.C. because there are a lot of museums.

If I could go anywhere in the world, I would go to France because I want to try some of the food that is there. I want to go to some of the places and there are just so many things to do there.

There are a lot of foods in France such as snails and frog legs, which personally, I think would be gross, but there are also some good food like macaroons. They are filled with buttercream and they come in many different flavors. My favorite is raspberry and that is pink. Also, there are crepes, they are filled with chocolate sauce and cream.

There are a lot of cities in France like Lyon, Nice, Colmar, Nancy, Caen, Calais, Lille, Cannes, Marseille, Orléans and Metz. I want to go to Metz because the name sounds cool.

Si yo puedo ir a en cualquier lugar del mundo, yo iría a la Francia porque yo quiero probar algunos de la comida que está allí. Yo quiero ir a algunas lugares que están allí y hay tantas cosas que hacer.

Hay un gran cantidad de tipos de comida en la Francia como caracoles y ancas de rana, que yo pienso sería bruto, pero hay buena comida como macaroons. Ellos están llenos de crema de mantequilla y vienen en muchos sabores diferentes. Mi macaroon favorita es frambuesa que es rosa. Además, hay crepes, ellos están llenos con salsa de chocolate y crema.

Hay tantas ciudades en la Francia como Lyon, Nice, Colmar, Nancy, Caen, Calais, Lille, Cannes, Marseille, Orléans and Metz. Yo quiero ir a Metz porque el nombre es muy chevere.

Esto es porque yo pienso que la Francia sería un buen lugar para mi porque me gustaría comer caracoles y ancas de rana. Las compras debería ser divertido también.

Datos Curiosos: "Te amo" en francés es " Jet'aime." Un museo famoso es El Louvre (un museo de arte).

A Letter from the Pearce Interns

Dear Mrs. Lewis's Third Grade Class,

The Pearce Center Interns were thrilled to learn about this project back in August and we never could have expected how great your stories would turn out. We were excited to work with you in Mrs. Lewis's third grade class because we knew you would inspire us by writing the best stories about the different places all over the world that you would like to visit.

Our role in this project was to help you edit and publish your own stories, which we accomplished by visiting your class twice to provide writing and editing assistance. We really enjoyed working with you to help brainstorm ideas and edit the rough drafts of your stories. This project was important to us because we gained knowledge and understanding about the publishing process by working with you.

We really enjoyed working with each student and watching you grow as writers. We wanted your writing to represent the hard work that your third grade class has completed, and we wanted to maintain your original voices. That being said, the Pearce Center made limited additional edits to your stories. When we first visited your classroom, we noticed there were English and Spanish labels on many of the elements in the classroom. We were impressed by the inclusion of both languages and wanted to further support your bilingual efforts by providing two versions of your stories: one in English and one in Spanish.

We hope you are excited to read this book over winter break, and we hope you will learn a lot about each other's different travel destinations. We encourage you to learn more about your friends and to get excited for what the future holds for all of you.

Thank you for allowing us to join Mrs. Lewis's class and to learn about you and your future travel plans. We had a great experience and loved reading each story!

Best Wishes,
The Pearce Center Interns
