

Inside a Client Meeting Day

Her client team focuses primarily on CAH's social media presence, so Kylie is often recording videos that highlight students and faculty of CAH and editing in Adobe Premiere Pro.

When Kylie arrives to work, she reviews her notes for the upcoming client meeting. As team lead, she ensures that CAH is up to date on all ongoing projects.

During a typical meeting, interns present graphics or videos for review, receive feedback and collaborate on ideas for upcoming posts. This team meets with CAH staff every Thursday.
